# COMPASSIONATE INQUIRY

With Dr. Gabor Maté & Sat Dharam Kaur

October 24 & 25, 2019

8:30 a.m. - 4:30 p.m.  
Hotel Fort Garry- Grand Ballroom

THE FORT GARRY  
HOTEL, SPA AND CONFERENCE CENTRE

# COMPASSIONATE INQUIRY

Compassionate Inquiry is a psychotherapeutic method developed by Dr. Gabor Maté and N.D. and international yoga teacher Sat Dharam Kaur that reveals what lies beneath the appearance we present to the world.

It was developed as a compassionate approach to working with human beings beset by personal issues, health problems that need gently guided exploration, mental health challenges, addictions, relationship difficulties and, above all, an unhealthy relationship to their own selves.

Using Compassionate Inquiry, the therapist unveils the level of consciousness, mental climate, hidden assumptions, implicit memories and

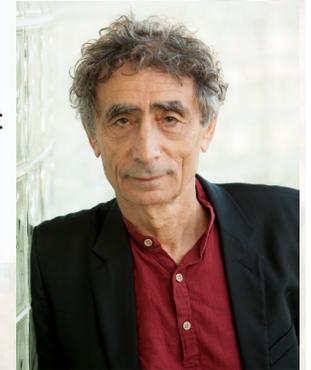

body states that form the real message that words both express and conceal. Through Compassionate Inquiry, the client can recognize the unconscious dynamics that run their lives and how to liberate themselves from them.

Dr. Maté will model the process of Compassionate Inquiry with course participants and instruct therapists in the practice of this powerful technique to help clients access deep healing and transformation. This will be both an experiential, participatory workshop where participants will be guided through their own personal process, as well as a training to teach the method of Compassionate Inquiry to health professionals, therapists and social workers.

## ABOUT Dr. Gabor Maté

A renowned speaker, and bestselling author, Dr. Gabor Maté is highly sought after for his expertise on a range of topics including addiction, stress and childhood development. Rather than offering quick-fix solutions to these complex issues, Dr. Maté weaves together scientific research, case histories, and his own insights and experience to present a broad perspective that enlightens and empowers people to promote their own healing and that of those around them.
